TASTING PROPHY PASTE

available in
3 delicious flavors:

VOCO
THE DENTALISTS

CleanJoy®

A BETTER PATIENT EXPERIENCE PROPHY PASTE

- Optimized filler particles for a smooth patient experience without a sandy feeling. Fine Dual Filler (FDF) Technology¹ allows for gentle but effective stain removal. All grits are within the ADA-recommended RDA values.
- FDF technology minimizes splatter
- No parabens, nuts or gluten for reduced allergy risks
- Color-coded grits for easy identification
- Contains fluoride and xylitol
- Simple selection process of three delicious flavors: fresh Mint, sweet Caramel and fruity Cherry

¹ Used in the two-cleaning grits, the polishing grit uses only one filler type

TRAFFIC LIGHT COLOR CODING ● ● ●

- **Red cleaning paste** (coarse – RDA value* = 195): _____ effectively and yet gently removes more severe and persistent plaque and staining.
- **Yellow cleaning paste** (medium – RDA value* = 127): _____ optimally removes light to medium plaque.
- **Green cleaning and polishing paste** (fine – RDA value* = 16): _____ this paste removes light plaque and is also used as the final polishing paste.

CleanJoy® SingleDose 200 x 2 g

Caramel	Cherry	Mint
