Contraindications for Using Power Scaling

- ◆ Any Infectious or Communicable diseases (COVID)
- ◆ Non shielded pacemakers (Consult with physician/call number on implant ID card)
- ◆ Implanted defibrillators
- ◆ Problems swallowing or gagging
- ◆ Children with deciduous or newly erupted teeth
- ◆ Respiratory risk
- ◆ Immunocompromised
- ◆ Refusal based on patient request because they dislike the feeling or the noise

Evaluate Your Instruments

- ◆ Test your Edge for Sharpness, then re-sharpen and re-evaluate
- ◆ Evaluate instrument for effectiveness
Is blade too thin? Is blade too short?
- ◆ Do I need different instruments?
- ◆ Do my current instruments compromise my ergonomics and create long term pain?

The Benefits of Having Quality Instruments

- ◆ Feel more confident
- ◆ Experience less breakage
- ◆ Less time required to scale
- ◆ More effective deposit removal
- ◆ Patient comfort = Patient Retention

WHAT MAKES PDT CASSETTES SO UNIQUE?

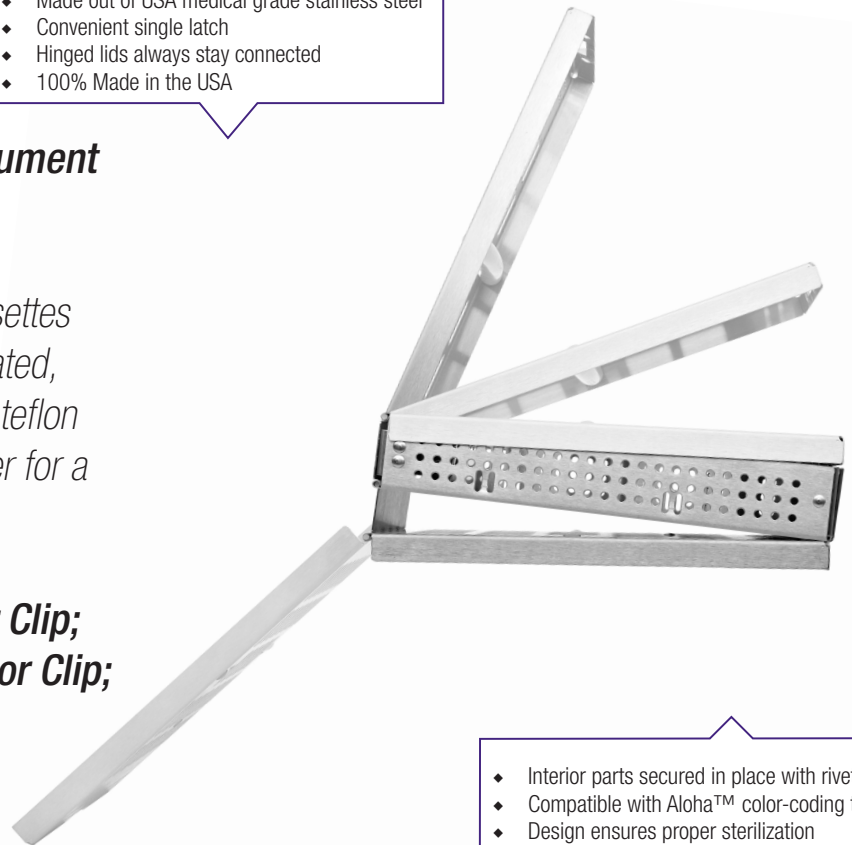

- ◆ Made out of USA medical grade stainless steel
- ◆ Convenient single latch
- ◆ Hinged lids always stay connected
- ◆ 100% Made in the USA

The most effective system for instrument infection control and sterilization.

Single-piece constructed FlipTop™ Cassettes are made with the highest quality, passivated, surgical grade stainless steel and unique teflon double hinge that flips up, over, and under for a much smaller footprint.

Cassettes may feature: Cotton Plier Clip; Needle Recapper; Stone Clip; Scissor Clip; Air/Water Clip.

- ◆ Interior parts secured in place with rivets
- ◆ Compatible with Aloha™ color-coding tubes
- ◆ Design ensures proper sterilization
- ◆ Sizes available to meet all your needs

VERSATILITY DURABILITY
