*Please accept this invitation to become an exhibitor at the
2nd Annual*

Regeneration Symposium: Latest Developments in Bone and Soft Tissue Regeneration

The event will take place on September 21-24, 2023
at the Spectacular
Astor Crowne Plaza French Quarter | New Orleans, LA

The purpose of our symposium is to present in detail the modalities of soft and hard tissue grafting. Presentations will begin with a historical view and then transition to the most relevant techniques and options available today. The lectures will be scientifically based and be presented by clinicians and educators with a long history in our field. The goal is to immediately utilize these concepts in private practice settings. This unique, in-person learning event will feature both new evidence and updates on many current topics in regeneration. From mesh types, to peri-implantitis repair, tissue grafting, surgical approaches, and treatment planning will all be part of the discussion.

The event is a two-day symposium at the Astor Crown Plaza New Orleans French Quarter, LA. We expect this to be a unique event and one that will bring to light the many modalities and options available to practicing dentists.

Our current confirmed speakers will be Drs. Richard Miron, Thomas Wiedemann, Vinay Bhide, Seiko Min, Navid Sharifzadeh, Bobby Birdi, Homa Zadeh, Steve Wallace, Michael Block, Vahid Khoshkam, & John Kim.

In the coming months, we expect to round out our speaker list. There are sponsorship opportunities available that offer companies a speaker on the podium. All lectures will be 60-90 minutes, and we will be offering expert panel discussions with slots for all of our speakers to participate in.

This event will also have a Hygienist Appreciation Day on Saturday. This event should have over 100 dental hygienists in attendance to hear speakers: Dr. William Paveletz and Hygienists Heather Rogers and Tricia Osuna.

We have very limited Exhibitor space. To assure you have an exhibit space, please sign up at the earliest possible time. Each exhibitor will have the opportunity to interact throughout the weekend with attendees. Exhibits are arranged in the area where attendees have their meals and refreshments. The Exhibitor fee is \$2,500.

To reserve your space and take part in this event, please contact Todd Goldman, WSP Executive Director at: tgoldman@amgoldman.com or call our office at: 813-444-1011 for more information. In the coming weeks we are expecting four other speakers to be confirmed, so time is of the essence to secure your participation.

We look forward to seeing you in New Orleans, LA.

Meeting Chair,
Dr. Homa H. Zadeh,
DDS, PhD

2nd Annual

Regeneration Symposium: Latest Developments in Bone and Soft Tissue Regeneration
