Soft Tissue Management in Surgical Dentistry

(Tuition fee: \$2,950 per person)

Limited attendance: 20-25 participants per class

Embark on a journey into the intricate world of surgical dentistry, where soft and hard tissue techniques converge to restore oral health and combat diseases. Our course is tailored to clinicians eager to enhance their expertise and delve deep into soft tissue management. Through hands-on training and expert guidance, participants will master a comprehensive array of surgical procedures, with a special emphasis on soft tissue techniques for implant dentistry.

Surgical Techniques - discover the artistry behind:

1. Precise Incision Types and Armamentarium Utilization
2. Advanced Suturing Techniques
3. Full- and Split-Thickness Flap: Indications and Hands-On Techniques
4. Periosteal Releasing Incision for Flap Advancement
